Environment, Forest and Climate Change Section-7

Lucknow : Dated : 16 June, 2023

Sub:-Management of crop residue burning-fixing accountability in compliance of Inter-Ministerial meeting dated 19-10-2022- reg.

Sir,

Please refer to D.O. No. Q-15014/16/2021-CPA(part-1) Dated 17th January, 2023 of Additional Secretary, Ministry of Environment, Forest and Climate Change, Government of India regarding subject mentioned above (Copy attached).

As per para no. 2 and 3 of the said DO letter due to concerted effort of the concerned stakeholders, total paddy crop residue burning events in Punjab, Haryana, Delhi an NCR Districts of U.P. and Rajasthan, during the period from 15-09-2022 to 30-11-2022, registered a significant overall reduction of 31.5 % as compared to the corresponding period in 2021. In spite of this notable reduction in the stubble burning incident, there are few districts in NCR region which have recorded a noteworthy increment in the burning incidents and such districts include Bathinda and Fazilka from Punjab, Yamuna Nagar (Haryana) and Bulandshahar (U.P.).

The role of District Magistrate/Deputy Commissioner in the NCR States is pivotal towards effective implementation of the respective Plan of Action for reducing stubble burning. Therefore, the increase in active fire counts in aforesaid four districts is indicative of lapses and weak monitoring on the part of the DCs/DMs in particular and District Administration in general.

As per decision taken during Inter-Ministerial meeting dated 19-10-2022 that State should fix the accountability of District Collectors for the Districts having higher stubble burning incidence.

Therefore, all Districts Magistrates of NCR Uttar Pradesh especially DM, Bulandshahar js hereby directed to comply with decision taken during Inter-Ministerial meeting dated 19-10-2022 (Record of Discussion attached) and ensure effective

Reference is invited to the Inter-Ministerial Meeting convened under the Chairmanship of Hon'ble Minister for Agriculture and Farmers Welfare, Hon'ble Minister for Fisheries, Animal Husbandry and Dairying, and Hon'ble Minister for Environment, Forest and Climate Change on 19.10.2022 through Video Conferencing regarding the issues of Management of Crop Residue Burning in Delhi NCR.

2. Due to the concerted efforts of the concerned stakeholders, total paddy crop residue burning events in Punjab, Haryana, Delhi and NCR Districts of U.P. and Rajasthan, during the period from 15.09.2022 to 30.11.2022, registered a significant overall reduction of 31.5% as compared to the corresponding period in 2021. In spite of this notable reduction in the stubble burning incidents, there are few districts in NCR region which have recorded a noteworthy increment in the burning incidents and such districts include Bathinda and Fazilka from Punjab, Yamuna Nagar (Haryana) and Bulandshahr (U.P.).

3. The role of District Magistrates / Deputy Commissioners in the NCR states is pivotal towards effective implementation of the respective Plan of Action for reducing stubble burning. Therefore, the increase in active fire counts in aforesaid four districts is indicative of lapses and weak monitoring on the part of the DCs / DMs in particular and District Administration in general.

4. During the aforesaid Inter-Ministerial meeting, it was decided that state should fix the accountability of District Collectors for the Districts having higher stubble burning incidence.

5. In this regard, it is requested that State Government may fix the accountability of DMs of U.P. State including that of Bulandshahr to make them accountable in case of failure in controlling the agricultural practice of stubble burning and adversely affecting the air quality.

With regards,

Yours sincerely,

(मनोज सिंह)
