#### नियम व शर्तें :-

- 1- निविदा प्रपत्र प्राधिकरण की वेबसाइट [www.gdaghaziabad.in](http://www.gdaghaziabad.in) पर देखा/डाउनलोड किया जा सकता है। इस प्रकार डाउनलोड किये गये निविदा प्रपत्र का उपयोग कर निविदा डालने पर निविदादाता द्वारा निविदा प्रपत्र के साथ निविदा मूल्य का बैंक ड्राफ्ट/पे आर्डर (नॉन-रिफण्डेबल) जो कि उपाध्यक्ष, गाजियाबाद विकास प्राधिकरण के पक्ष में गाजियाबाद स्थित बैंक शाखा में भुगतान योग्य हो तथा धरोहर राशि की एफ0डी0आर0 संलग्न किया जाना अनिवार्य है। निविदा मूल्य का बैंक ड्राफ्ट/पे आर्डर तथा धरोहर राशि की एफ0डी0आर0 निविदा प्रपत्र के साथ संलग्न न होने की स्थिति में निविदा अस्वीकार कर दी जायेगी।
- 2- निविदा विक्रय के अंतिम दिवस तथा निविदा आमंत्रण के दिनांक को अवकाश की दशा में निविदा अगले कार्य दिवस को विक्रय/खोली जायेगी।
- 3- डाउनलोड किये गये निविदा प्रपत्र को स्पायरल बाइण्ड/हार्ड बाइण्ड करने के पश्चात् ही निविदा हेतु प्रयोग किया जायेगा।
- 4- वेबसाइट से डाउनलोड कर प्राप्त किये गये निविदा प्रपत्र और बैंक में बिक्री के लिए उपलब्ध निविदा प्रपत्र में यदि कोई भिन्नता हो, तो बैंक में उपलब्ध निविदा प्रपत्र ही मान्य होंगे।
- 5- निविदा स्वीकृति उपरान्त अनुबंध की औपचारिकतायें दस दिन के अन्दर पूर्ण करनी होगी।

- 6- धरोहर राशि की एफ0डी0आर0 प्रस्तुत करने के उपरान्त ही बैंक से निविदा निर्गत की जायेगी। एफ0डी0आर0 उपाध्यक्ष, गाजियाबाद विकास प्राधिकरण के पक्ष में बन्धक होगी।
- 7- अनुबन्ध के दौरान ठेकेदार के किसी श्रमिक की कोई दुर्घटना आदि हो जाती है तो इसकी पूर्ण जिम्मेदारी ठेकेदार की होगी। प्राधिकरण का कोई उत्तरदायित्व नहीं होगा।
- 8- ठेकेदार को अनुरक्षण प्रकृति के कार्यों हेतु श्रमिक उपस्थित पंजिका का प्रतिमाह रख-रखाव करना होगा।
- 9- लेबर एक्ट का पूर्ण रूप से पालन करना ठेकेदार की जिम्मेदारी होगी।
- 10- ठेकेदार अपने श्रमिकों को पहचान पत्र देगा जो ठेकेदार द्वारा सत्यापित होगा।
- 11- निविदा की दरें जी0एस0टी0 रहित होंगी, जी0एस0टी0 का भुगतान नियमानुसार अलग से किया जायेगा।
- 12- ठेकेदार को गाजियाबाद विकास प्राधिकरण में अथवा उत्तर प्रदेश सरकार या केन्द्र सरकार के किसी सरकारी/अर्द्धसरकारी विभाग में वैध पंजीकरण की प्रति निविदा के साथ संलग्न किया जाना आवश्यक है।
- 13- किसी निविदा या सभी निविदाओं को बिना कोई कारण बताये निरस्त करने का अधिकार उपाध्यक्ष, गाजियाबाद विकास प्राधिकरण के पास सुरक्षित रहेगा।

प्रभारी मुख्य अभियन्ता

# GHAZIABAD DEVELOPMENT AUTHORITY

## SPECIAL CONDITIONS OF THE CONTRACT

1. Each page of bill of quantity, specifications and conditions should be signed by the contractor.
2. Tenderers should give their rates after careful examination of site of work. Drawings can be seen in the office during working hours, Drawings and specification can however be modified without entitling the contractor to any compensation due to change made there in change of the site will also not entitle the contractor to any compensation
3. The contractor must take into consideration all fluctuations in rates of labour and materials during execution of the work. No claim whatsoever on this account shall be entertained.
4. The units of rates as shown in the bill of quantities should be carefully seen as rates once given by the contractor shall remain unchanged and no excuse on any account will be entertained after the tender has been put in the tender box.
5. **RIGHT OF REJECTION** : The department reserves the right to reject any or all the tenders without assigning any reason for doing so. It also reserves the right to allot either a part of the work or the whole to any tenderers. Should the said tenderers refuse to sign the bond, if he is given a portion of work, his proportionate Earnest Money shall be forfeited and his tender rejected.
6. **INSPECTION OF THE SITE AND CHARACTER OF SOIL** : The contractor shall inspect and examine the site and its surroundings and shall satisfy before submitting his tender as to the nature of the grounds or subsoils and specially about the strata through and on which excavation is to be made foundation to be built & other works to be executed. In his interest he should make sure of the position of quarries, topography of the site, availability of food stuffs, labour and materials and other armets before tendering No claim for additional work or extra rate due to any of the above reasons will be allowed as specified in General specifications.
7. **LINES AND LEVELS**: The contractor shall be solely responsible for setting out the work and for the correctness of the positions levels, dimensions and alignments according to the plan and shall provide all necessary assistance, instruments, pegs, stakes, poles and other materials required for the purpose. He will keep his own qualified staff and instruments to do the job. The tendered rate shall be deemed to include all this.
8. **TOOLS AND PLANTS**: The contractor shall arrange of this own tools and plants required for the proper execution and completion of the work within the specified time. If any equipment is issued departmentally, rent will be recovered from the contractor's bill at rates and terms to be entertained by the contractor from the Engineer In charge in writing in advance.
9. **WATCH & WARD**: The contractor shall in connection with the work provide and maintain at his own cost all guard, fencing and watch & ward required for proper execution & safety of materials etc.
10. **MEASUREMENTS** : The engineer In charge shall ascertain and determine by measurement the value of the work done. He shall when he requires any part or parts of the work to be measured, give notice to the contractor who shall forth-with attend or send an authorised agent or representative with the necessary labour and implements to assist the official measuring the work in making such measurements and shall furnish all particulars required. Should the contractor fail to attend or omit, to send such Agent or representative, then the measurements made by the Engineer In charge or any official under him or approved by him, shall be taken to be the correct measurement of the work.
11. **MATERIALS AND APPLIANCE**: All reasonable facilities will be provided by the authority to the contractor for procuring of controlled materials but the failure on the part of the contractor to get the materials in pursuance to any permit etc. issued on behalf of the authority, shall not serve any ground for not carrying out his obligations under the contractor.

12. **TIME OF WORKING** : The contractor will be required to see that the usual working hours are adhered to. No work should be done in the night without the permission of the Engineer In charge except when it is absolutely necessary for the saving of life or for the safety of the work in which case the contractor shall immediately seek advice of the Engineer In charge. Some times, however, some work as may be directed by the Engineer In charge will have to be carried out in the night and no extra payment shall be made to the contractor on this account.
13. **PROGRAMME & RETURNS TO BE FURNISHED** : As soon as practicable but not later than, one month after the acceptance of his tender the contractor shall (if required to) submit the Engineer In charge for his approval a programme showing the order of procedure and method in which he proposes to carry out the works and shall whenever required by the Engineer In charge for his information particulars in writing of the contractors arrangement for carrying out works.
14. **DRAWING AND THEIR OWNER SHIP** : The sets of working drawing be got issued by the contractor from the office after his tender has been accepted, Contractor shall keep one set of drawing in good condition ready at site and available to department Engineering staff. On completion of the work, the contractor will have to return these drawings to the office.
15. **EXTRA ITEMS OF WORKS** : The cost of extra items of the works, necessitated during the execution of the work shall be determined as stated in G.D.A. condition of contract
16. **CLAIMS**: The contractor shall submit to the Executive Engineer once in very month an account giving full and detailed particulars of all claims for any additional expenses to which the contractor may consider himself entitled and of the extra and additional works ordered and executed during the proceeding month. No claim for payment for any such work shall be considered which has not been included in such particulars.
17. **DEFAULT OF CONTRACTOR'S IN COMPLIANCE** : Defiance of the instructions of the Executive Engineer or the Engineer In charge on the part of the contractor will make the contract liable to be terminated.
18. **WILLFUL** insubordination or disobedience to the orders of the Engineering staff whether along or in combination with another shall be considered to be an act of misbehavior and penalty for this be decided and imposed by the Executive Engineer which shall be final and binding on the contractor.
19. **CLEARANCE OF SITE ON COMPLETION** : The contractor shall at all times keep the premises free from accumulated waste materials or rubbish caused by his employees on the works and on completion of the work he shall clear away and remove from site all construction wastes, surplus materials, rubbish and temporary works of any kind and fill up borrow pits dug by him. He will leave while of the site and work clean and in a workman like manner to the entire satisfaction of the Engineer In charge as provided in G.D.A. Condition of contract nothing extra shall be paid to the contractor of this clearing.
20. **FOSSILS ETC** : All fossil, coins, articles of value of antiquity and other remains or things of geological or archeological interest discovered on the site of the work shall, be given to the Authority by the contractor and shall be deemed associate property of the Authority.
21. **SUSPENSION OF WORK**: The contractor shall on the written order of the Executive Engineer, suspend the progress of the works of any part thereof for such time and in such manner as may be considered necessary and shall during such suspension properly protect and secure the work so far as is necessary in the opinion of the Executive Engineer. Nothing extra shall be paid to the contractor if such a suspension is necessary for the proper execution of the work by reasons of the weather or by some default on the part of the contractor.

22. **SUBSTANDARD WORK** : Concrete of strength below 80% of the required strength (as determined by actual tests) shall not be accepted. Concrete of strength, not below 80% of required strength may be accepted as substandard work at suitably reduced rates provided the use of this under strength concretes confirmed to such members and in such quantities that the safety of the structure is not endangered. The acceptance, of such substandard work will be the entirely discretion of Executive Engineer, and the contractor shall not claim as a matter of right the decision of Executive Engineer shall be final regarding reduction of rates for such substandard works.
23. If required the contractor shall provide at his own expenses suitable accommodation for his employees including adequate sanitary arrangements and water supply.
24. The quantities shown in the bill of quantities are approximate and liable to variation to any extent on either side and the contractor will not be entitled extra rates or compensation due to any change in the quantity of the work to be done. Few items may be required to be omitted and contractor shall not be entitled to claim any profit on this account.
25. Joint tenders will not be considered unless the firm is registered as one. Partner signing the tender should possess the power of attorney of all the partners. All the partners shall be considered responsible jointly as well as individually for the tender, failing which the tender is liable to be rejected and earnest money forfeited.
26. No more than one tender should be submitted by one contractor or by one firm.
27. All tendered rates shall be considered to include all jobs as mentioned in the detailed, specifications attached.
28. After acceptance of the tender the G.D.A. conditions of contract will be attached with the bond and the same will be binding on the contractor.
29. The work of electric fittings shall be taken in hand when the building work has sufficiently advanced. The contractor will have to afford all facilities to other contractor in the execution of their work so that the entire work may proceed smoothly. No compensation on this account shall be allowed.
30. When opening the tenders the rates shall be read out to all contractors who are present.
31. The white lime required for the work shall be brought to the site in unslaked conditions as per specification.
32. All building materials arranged by the contractor shall be subject to the approval of the Engineer In charge and rejected materials if any will have to be removed by the contractor within three days from the site of the work otherwise a penalty of Rs. 500.00 per day may be imposed on him till the materials in question are removed.
33. The materials to be supplied by the Department as per schedule, 'C' appended at the rates mentioned there in shall be supplied to the contractor in such lots and at such time as the Engineer In charge desired. The contractor should his requirement well in advance to the Engineer In charge. The materials will be supplied in time as far as possible but in case of any materials being not available, no claim will be entertained. In case of a material, listed in schedule 'C' the contractor will use only those material which have been issued by the Department unless directed by the Engineer In charge and approved by Executive Engineer.
34. Other materials not covered by the schedule 'C' can also be issued to the contractor at the discretion of the Executive Engineer In charge at the current market rate or stock rates whichever is higher.
35. All materials issued to the contractor will have to be stacked and stored properly at the site of the work and a proper account will have to be maintained by the contractor, in accordance with the instructions of the Engineer In charge etc. so that checking can be done when necessary. If any surplus materials are left after the completion of the work shall not be disposed or removed by the contractor unless he receives permission in writing from the Engineer In charge.
36. An order book will be kept at the site of the work in which instructions on may be recorded by the Engineer In charge or his representative. The contractor or his authorised Agent, will be required to sign the order book daily in acknowledgment of the

- instruction in case the contractor refuses to do so the instructions written there in shall be binding on the contractor.
37. VERBAL INSTRUCTION ISSUED BY THE OFFICERS : Any verbal instruction by officers from time to time in connection with change in design or specification which the contractor thinks entitles him for extra payment shall be got confirmed in writing by the contractor. Failure to do this will on account entitle him extra payment.
  38. The contractor shall be responsible to carry out the work according to the drawing attached with the contractor bond, drawing of details given by Engineer 1/C. In case the contractor executes the work of larger dimensions than shown in drawings he will only be paid for as per drawings. In case work executed is of less dimensions and not covered by the tolerances allowed, it will be at the discretion of Engineer 1/C. to accept the work or to reject. In case the work is to be accepted the payment will be made as per dimensions actually executed.
  39. The contractor before commencing the work shall (a) post in a conspicuous place at the side of work Notice, giving the paper of wages which have been certified by the Engineer In charge.
  40. The contractor shall be bound by the rules made by the Govt with regard to the period for which wages have to be paid and deduction from wages.
  41. The contractor shall, be bound to give preference to Ex-service, men where available. The nearest sub regional employment exchange may be consulted regarding availability of such man
  42. The tender rates shall include all quarrying charges, royalty screening tools and plants carriage of materials to the site, stocking and removal of all rejected materials, District Board and municipal Board Taxes, and water arrangement.
  43. No. claim for extra payment on account of delay in the supply of materials or machineries to be issued by the G.D.A. will be entertained.
  44. The contractor must write their correct and complete postal address in the tender and arrange to take the delivery of all letters. If any letter is received back undelivered it will be contractor's responsibility and contractor shall be bound for such action as may be written in the content of such letter. Any change of address must be intimated to this office for which he should obtain acknowledgments. The contractor or his agents will not refuse to receive letters at the site of work or in G.D.A. office.
  45. Stamps duty as required in the contract deed will be borne by the contractor.
  46. The G.D.A. Shall have the right to accept at reduced rate sub standard and defective work provided that the sub standard or defective work is not considered to be seriously defective by the Engineer In charge, and the rates of the work so accepted will be suitably reduced by the Executive Engineer to compensate the G.D.A. and such reduction will be at the entire discretion of the Executive Engineer and shall be final and binding on the contractor.
  47. The work must comply with the relevant U.P. PWD/ CPWD Detailed specification and relevant latest standards of India standard codes, as specified in detailed specifications attached. Decision of the Executive Engineer regarding applicability, interpretation or any dispute about specification shall be final and binding on the contractor. The tender rate shall be deemed to cover the following where required to be done and no extra payment for these shall be made.
    - (a) Cutting of existing roads and making it good after completion of work in original shape and with specification of broken work.

Extension  
of time

**Clause-5** If the Contractor shall desire an extension of the time for completion of the work on the grounds of this having been unavoidably hindered in its execution, or any other ground, he shall apply in writing to the Assistant Engineer and a copy there of is sent to the Executive Engineer within 30 days of the date of the hindrance on account of which he desires such as afore paid, and Assistant Engineer shall it in his opinion reasonable grounds be shown there for recommend such extension of time if any as may, in his opining is necessary or

proper to Executive Engineer who will authorise such extension of time, if any as may in his opinion be necessary or proper and his decision shall be final provided always that if the contractor continues to perform the work beyond the date completion or the extended date as the case may be without obtaining approval for extension as aforesaid the right of the Authority to claim compensation under Clause-3 shall not be deemed to have been waived.

Final  
Certificate

**Clause-6:** On completion of the work the contractor shall send a registered notice to the Engineer-in-charge given the date of completion and sending a copy of it to the Executive Engineer and shall request the Assistant Engineer to give him a certificate of completion but on such Certificate shall be given nor shall the work be considered to Final be complete until the contractor shall have removed from the site on which the work shall Certificate be executed all scaffolding“ surplus Materials and rubbish, and cleared off the dirt from all wood work, door windows walls floors or other parts of any building in upon or about which the work is to be executed, or of which he may have had possession for the purpose of the execution thereof and he has filled up to pits, If the contractor shall fail to comply with the requirements of this clause as to removal of scaffolding, surplus materials and rubbish, and cleaning off dirt and filling of pits on or before the date fixed for completion of the work, the Engineer-in-charge may at the expense of the contractor removal such scaffolding, or surplus materials and the rubbish and dispose of the same as the he thinks fit, and clean of such dirt and fill the pits as aforesaid, and the contractor shall forthwith pay the amount of all expenses so incurred and shall have no claim in respect of any such scaffolding, of surplus materials as aforesaid except for any sum actually realized by the sail there of, On completion the work shall be measured by On complete Assistant Engineer him self or through his subordinates, whose measurement

shall be binding and conclusive against the contractor, Provided that if subsequent to the taking of re measurements by the subordinated as aforesaid the Assistant engineer has reason to believe that the measurements taken by his subordinates are not correct, the Assistant Engineer shall have the power to cancel the measurements already taken by his subordinates and acknowledged by the contractor to take measurements again after giving reasonable notice to the contractor and such re-measurements shall be binding on the contractor. within ten/thirty days of the receipt of the notice the engineer-in-charge shall inspect the work and, if there is visible no defect on the face of the work, shall give the contractor a certificate of compilation if the Assistant Engineer finds that the work has been fully complete. It shall be mentioned in the certificate so granted. If on the other hand it is found that there are certain visible defect to removed, the certify to be granted by Assistant engineer shall specifically mention the details of the visible defects along with the estimate of the cost for removing these defects. The final certificate of completion of work shall be given after the visible defects pointed out above have been removed.

Payments  
on inter  
mediate  
Certificate  
to be  
as  
advance

**Clause-7:** No Payments shall be made for works estimated to cost less than rupees one thousand till after the whole of the works shall have been completed and a Certificate of completion given But in the case of works estimated to cost more than rupees one thousand the contractor shall submit the bill (intermediate Certificate) to receive monthly payment proportionate to the part of the work done after approval and passing of by the engineer-in-charge, whose certificate of such approval and passing of as the sum so payable be final and conclusive against the contractor. But all such intermediate payments shall be regarded as payments by way of advance against the final payments only not as payments for works actually done and completed and shall not preclude the requiring of bad unsound and imperfect or unskilled work to be removed and taken away and reconstructed. It shall not be considered, as an admission of the due performance of the contractor part thereof in any respect, nor shall conclude, determine or affect in any way powers of the engineer-in-charge under these conditions or any of them as to the final settlements and adjustments of the accounts other wise or in other way affect the contract

Bills to  
be  
submitted  
monthly

The final bill shall be submitted by the contractor within one month of the date fixed for completion of the work or of the date of the certificate of completion furnished by the assistant engineer and payment shall be made within three, months of the submission of the such bills, if the amount of the contract plus that of the additional items is upto Rs. 2 lacs and in six months if the same exceeds Rs. 2 lacs. If there shall be any dispute about any items of the work then the undisputed item or items only shall be paid within the said period of three months or six months as the case may be. The contractor shall submit a list of the disputed items within 30 days from the disallowance thereof and if he fails to do so, this claim shall be deemed to have been fully waived and absolutely extinguished.

**Clause-8:** A bill shall be submitted by the contractor each month on before the date fixed by the Engineer-in-charge for all work executed in the previous month and the engineer incharge shall take or cause to be taken the request measurement, for the purposes of having the same verified and as far as admissible adjusted, if possible, before the expiry of ten days from the presentation of the bill. If the contractor dose not submit the bill within the time fixed as aforesaid, the engineer-incharge may get the said work measured up in the presence of the contractor whose counter signature to the measurement list will be sufficient warrant and engineer-incharge may prepare a bill from such list which shall be binding on the contractor whose in all respects.

Contractor  
to be  
given a week  
to file objection  
to the  
measurements  
recorded by  
the authority

**Clause-9 :** Before taking any measurement of any work as has been referred to in clause 6,7 & 8 hereof the engineer-in-charge or a subordinate deputed by him shall give reason able notice to the contractor. If the contractor fails to attend at the time of the measurements after such notice or fails to Countersign or to record the difference within a week from the date of measurement in the manner required by the Engineer-in-charge then any such measurement taken by the engineer in charge or by the subordinate deputed by him as the case may be shall notwithstanding the provision in clause be final and binding on the contractor and the contractors shall have no right to dispute the same.

Bill to be on  
printed forms

**Clause-10 :** The contractor shall submit all bills on the printed forms to be had on Bill to application at the offices of the engineer-in-charge and the charges in the bill be on shall always be entered at the rate specified in the tender or in the case of any extra printed work ordered in pursuance of these condition and not mentioned or Provided forms for in the tender, at the rates hereinafter provided for such work.

Stores  
supplied by  
Authority

**Clause-11:** If the specification or estimate of the work provides for the use of any special description of materials to be supplied from the engineer-in-charge store, or if it is required Authority that the contractor shall use certain stores to be provided by the engineer in charge (such materials and stores and the prices to be charged therefore as hereinafter mentioned being so far as practicable for convenience of the contractor but not so as in any way to control the meaning or effect of this contract, specified in the Schedule or memorandum here to annexed) the of the contract specified in the Schedule of memorandum hereto annexed) the contractor shall be supplied with Stores supplied such materials and stores as are required from time to time be used by him for the purposes of the contract only, and the value of the full quantity of materials and stores Authority so supplied at the rates specified in the said schedule or memorandum may be set off or deducted from any sums then due, or thereafter to became due to the contractor under the contract or otherwise, or against or from the security deposit, or the proceeds of sale thereof if the same is held in government securities, the same or of sufficient portion thereof being in this case sold for the purpose. It shall be the responsibility of the contractor to ascertain from time to time the engineer-in-charge about the position of availability of the materials as aforementioned and any delay on the part of the engineer-in-charge to arrange supplies of the same shall not entitle the contractor to any compensation but in the event of the such delays the contractor shall be granted reasonable extension of time. All materials supplied to the contractor are the property of the contractor, but shall not on any account be removed from the site of the work, except with the written permission of the engineer-incharge or under his orders and shall at all times be open to inspection by the engineer-in-charge. Any such materials unused and in perfectly good condition at the time of the completion or determination of the contract may, by special arrangement. Be taken over by government at prevailing market rates, if required for use on other works in progress provided that the price allowed, shall not exceed the amount charged to the contractor.

**Clause-12:** The contractor shall execute the whole and every part of the work in the be executed in most substantial and work-man like manner and both as regards materials and accordance with specification otherwise in every respect instrict accordance with the specifications. The contractor drawings shall also confirm exactly fully and faithfully to the designs drawings and instruction in orders etc. writing relating to the work signed by the engineer-in charge and lodged in his office, and to which the contractor shall be entitled to have access to such office for the purpose of inspecting during office hours, and the contractor shall be furnished free of charge one copy of the

specifications and of all such designs, drawings & instructions as are not included in the detailed P.W.D. specification for buildings and roads enforced from time to time or any other printed publications or general specifications referred to elsewhere in the contract.

**Clause-13 :** The engineer - incharge shall have power to make any alteration in, Alterations commission from, additions to as substitutions for the original specifications, drawing, specification designs and instructions that appear to him to be necessary during the progress of the and work and the contractor shall carry out the work in accordance with and instructions designs which may be given to him in writing signed by the engineer incharge and such alterations, commission, additions or substitutions shall not invalidate the contract any altered, additional or substitutions shall not invalidate the contract and any altered, additional or substituted work which the contractor may be directed to do in the manner above. Do not specified as part of the work shall be carried out by the contractor on the same invalidate conditions in all respects on which he agreed to do the main work. The time for the contract completion of the work shall be extended in the proportion, that the alter additional or substituted work bears to the original contract work, and the certificate of the engineer -incharge shall be conclusive as to such proportion, the rates for such additional, altered or substituted work under this clause shall be worked out in accordance with the following provisions in their respective order:

(i) If the rates for the additional, altered or substituted work are specified in the contract for the work, the contractor is bound to carry out the additional, altered or

substituted work at the same rates as are specified in the contract for the work.

(ii) If the altered, additional or substitute work includes any work for which no rates are specified in the contract for the work or can not be derived from the similar class of work in the contract then such work shall be carried out at the rates entered in the schedule of rates for Ghaziabad District minus plus percentage which the total tendered amount bears to the estimated cost of the entire work put to tender.

(iii) If the rates for the additional altered or substituted work are not specifically provided in the contract for the work, the rates will be derived from rates for similar class of the work as are specified in the contract for the work.

(iv) If the rates for the altered additional or substituted work cannot be determined in the manner specified in sub clause (i) to (iii) above, then the rates for such work shall be worked out on the basis of the schedule of rates of District specified above minus plus the percentage which the total tendered amount bears to the estimated cost of the entire work put to tender provided always that if the rates for a particular part or parts of the item is not in the schedule of rates, the rate for such part or parts will be determined by the executive engineer on behalf of the authority on the basis of the prevailing market rates when the work was done. (v) If the rates for the altered, additional or substituted work can not be determined in the manner specified in sub-clauses (i) to (iv) above, then the contractor shall within 7 days of the date of receipt of order to carry out the work inform the executive engineer of the rate which it is his intention to charge for such class of work, supported by analysis of the rate or rates claimed and the executive engineer shall determine the rate or rates, on the basis of the prevailing market rates and pay the contractor accordingly.

**Clause-14:** If at any time after the commencement of the work the administrator shall for reason whatsoever not require the whole or part thereof as specified in the tender to be carried out the engineer-in charge shall give

notice in writing of the fact to the contractor who shall have no claim on any payment or compensation what ever on account of any profit or advantage, which he might have derived from the execution of the work in full but which he did not derive in consequence of the full amount of the work not be carried having been carried out, neither shall he have any claim for compensation by reason out of any alteration having been made in the original specification drawings, designed and instructions which shall involve any curtailment of the work as originally contemplated nor shall he have any claim to compensation by reason of his having purchased or procured materials with a view to the execution of the work or the performance of the contract. But the engineer-in charge shall have the option either to take over the materials at the site, if of approved quality and not in excess of the requirements of the work to pay to the contractor the actual cost thereof (of the amount of which cost a certificate by the engineer incharge shall be binding to the contractor). In the event of this option not being exercised, the contractor may submit to the engineer incharge within one month of the date of the order closing down the work a detailed statement of the loss that he estimate he will sustain by removing, selling or otherwise disposing of the materials. The estimate will be forwarded to the administrator who will decide what sum, if any should as matter of grace be paid to the contractor to compensate him for the loss suffered by him, and the decision of the administrator shall be final and binding on the contractor.

**Clause-15:** If it shall appear to this engineer incharge or his subordinate in charge of the work, that any work has been executed with unsound, imperfect or unskillful workmanship, or with materials of any inferior description or that any materials or Action articles provide by him for the execution of the work are unsound or of a quality inferior and to that contracted for or otherwise not in accordance with the contract, the contractor, shall on demand in writing from the engineer incharge specifying the work, materials payable in case or articles complained of not with standing that the same may have been in advertantly standing passed, certified and paid for forth with rectify or remove and re execute the work or remove and replace with others the materials or articles complained of, as the case may be, at the risk and expense in all respects of the contractor.

**Clause-16:** Authority shall have the right to accept at reduced rate, sub-standard or defective work, and to cause an audit and technical examination of the works and the running and final bills of the contractor including all supporting vouchers, abstracts etc. to be made before or after the payment of the final bills and if as a result of such acceptance of sub-standard or defective work, audit and technical examination, any sum if found and to have been overpaid in respect of any work done by the contractor under the contract or any work claimed to have been done by him under the contract but found life not have been actually executed the contractor shall be liable to refund the amount of the over payment and it shall be lawful for the authority to recover the same from him in the manner prescribed in Clause 1 above or in any other manner legally permissible and if it is found that the contractor was paid less than what was due to him under the contract in respect of any work executed by him under it, the amount of such under payment may be duly paid by the authority to the contractor. Provided that the sub-standard or defective work accepted is not considered to be seriously defective by the engineer incharge and the rate of the work so accepted is suitably reduced by him to compensate the authority and such reduction binding on the contractor.

**Clause-17:** All work under or in the course of execution executed in pursuance of the Works contract shall at all times be open to the inspection and supervision of the engineer incharge and his subordinates, and the

contractor shall at all times during the usual open working hours, and at all other time, at which reasonable notice of intention of the inspection engineer in charge or his subordinate to visit the works at all have been given to the contractor, either himself be present to received orders and instructions, have Contractor or responsible representative agent duly accredited in writing present for that purpose. Orders given agent to be to the contractor agent shall be considered to have the force as if they had been given presents to the contractor himself.

**Clause 18 :** The contractor shall give not less than five days notice in writing to the engineer-in charge or his subordinate in charge of the work before covering up or Notice otherwise placing given Notice beyond the reach of measurement any work in order to be that the same may be measured and correct dimension thereof be taken before the same is covered up or placed beyond the reach

of measurement, and shall not cover up or place beyond the reach of measurement any work without the consent in writing of te engineer in charge or his subordinate in reach of measurement without such notice having been given or consent obtained the same shall be uncovered at the contractor's expense in default thereof no payment or allowance shall be made for such work or the materials with which the same was executed.

**Clausel 19:** If the contractor or his work people or servants shall break deface, injure or destroy any part of a building on or in which they may be working, or any building, road fence, enclosure or grass land or cultivated ground contiguous to the premises on which the work or any part of it is being executed or if any damage shall happen to the work while in progress from any cause whatsoever, or any defect shrinkage or other faults appear in it within twelve months after a certificate final or otherwise, of its completion shall have been given by the, engineer-in-charge as aforesaid, the contractor shall make same good at its own expense or in default engineer in charge may cause the same to be made good by other workman and deduct the expense (of which the certificate of the engineer in charge shall be final) from any sums that may then or at any time thereafter, become due to the contractor or from his security deposit, or the proceeds of sale thereof or a sufficient portion thereof or in any other manner legally permissible.

**Clause 20 :** The contractor shall supply at his own cost all materials (except such special- materials if any, as may in accordance, if any, as may in accordance will the contract be supplied from the engineer in charge stores), plant, tools, appliances, implements, ladders, cordage, tackle, scaffolding and temporary works requisite or proper for the proper execution of the work, whether original, altered or substituted and whether included in the specifications or other documents forming part of contractor referred to in these conditions or other, documents forming part of contractor retried to in these conditions or not which may be necessary for the purpose of satisfying or complying with the requirements of the engineer-in-charge as to require together with carriage therefore to and from the work. The contractor shall also supply with out charge the requisite number of persons with the means and materials necessary for the purpose of setting out the works, and counting, weighting and assisting in the measurement or examination at any time and from time to time of the work or materials, failing his so doing the same may be provided by the engineer-in charge at the expense of the contractor and the expense may be. deducted from any due to the contractor under the contract on or from his security deposit or the proceeds of sale therof, or of a sufficient portion thereof. The contractor shall also provide all necessary fencing and lights required to protect the public from accident, and shall be bound to bear the expense of the fence of every suit action or other proceedings at law that, may be brought by any person for injury sustained
