GHAZIABAD DEVELOPMENT AUTHORITY

NOTICE INVITING TENDERS

1. Tenders are hereby inviting on behalf of the Vice Chairman, Ghaziabad Development Authority, Ghaziabad as per given below.

S. No.	Name of Work	Estimated cost	Earnest money	Cost of tender	Time allowed for completion
1.	इन्दिरापुरम/इन्दिराकुँज योजना में तीन माह हेतु सैनेटाइजेशन कराये जाने का कार्य।	8.18 Lacs	16400.00	1534.00	90 days

2. Tender documents and other particulars of the works can be purchased from the office of the Authority between the hours of 10.00 A.M. and 2.00 P.M. on all working days till 11.06.2021 to 19.06.2021 after paying the cost of tender mentioned above.
3. Tenders which should always be placed in sealed cover will be received by the Zone-6 Ghaziabad Development Authority, Ghaziabad upto 2:00 PM on 19.06.2021 and will be opened by him on the same day at 4:00 P.M. The tenders are expected to be present at the time of opening of the tenders.
4. The contractors should quote in figures as well as in words the rate and amount tendered by them.
5. Each tender must be accompanied by a deposit of Earnest money in any of the following forms :
 - a) Deposit call receipts of a scheduled Bank Guarantee by Reserve Bank of India.
 - b) Post Office/Saving Bank pass book/national Saving certificate/national Plan certificate/national Defence Certificates duly pledged to the Executive Engineer, Ghaziabad Development Authority.
6. The acceptance of a tender, will vest with the vice chairman, who does not bind himself to accept the lowest tender and reserves to himself the right of rejecting any or all the tenders received without assigning a reason or of accepting the whole or part of the tender.
7. Convassing in connection with tenders is strictly prohibited and the tenders submitted by the contractors who resort to convassing will be liable for rejection.
8. On acceptance of the tendes the name of the authorised representative(s) or the contractor who would be responsible for taking instructions from the Engineer-incharge shall be communitied to the Engineer-in-charge.
9. Rates are excluding. GST will be paid extra as per applicable.
10. The contractors must produce Income Tax clearance certificate before the tender papers can be sold to him.
11. Security to be deducted @ 10% from all bills of the work done.

The security deposit may be collected by deductions from the running bills of the contractors at the rate mentioned above and the earnest money if deposited in cash at the time of tenders will be treated as the part of security deposit. The security amount

will also be accepted in cash or in the shape of Government securities Fixed deposit receipt and Guarantee Bonds of Scheduled banks will also be acceptable for this purpose provided confirmatory advice is for the coming from the Reserve bank of India.

12. The contractor shall not be permitted to tender in GDA if near relative is employee of GDA. He shall also intimate the names of persons who are working with him in any capacity or are subsequently employee by him and who are near relatives of any employees of GDA. Any breach of this condition by the contractor would tender him liable to be removed from the approved list of contractors of GDA.

Note: A near relative will include wife, husband, parents and grand children, brothers and sisters, uncles, aunts and cousins and their corresponding in laws.

13. No employee of GDA is allowed to work as contractor as employee of a contractor for a period of 2 years of this retirement from service without prior permission of vice chairman, GDA. This contractor is liable to be cancelled if either the contractor or any of his employees is found at any time to be such a person who had not obtained the permission of the Vice Chairman, GDA. As aforesaid before submission of the tender or engagement in the contractor's service.

14. The tender for works shall remain open for acceptance for a period of ninety days from the date of opening of tenders, if any tenderer withdraws his tender before the said period or makes any modification on the term and conditions of the tender which are not acceptable to the GDA then the GDA shall without prejudice to any other right or remedy, be at liberty to forfeit 100% of the said earnest money absolutely.

15. The contractors exempted from payment of earnest money in individual cases should attach with the tender an attested copy of the chief engineer's letter exempting them from the payment of earnest money and should produce the original whenever called upon to do so.

16. The tender for the work shall not be a contractor who himself/themselves may have tendered for the same work. Failure to observe this condition would render/tenders of the contractors tendering as well as the tender liable to summary rejection.

17. The contractors shall submit list of works which are in hand (progress) in the following form.

Name of work	Name of Division	Amount of work	Present Progress	Remarks

18. The contractor should be registered in the appropriate class in UP state and Central Department.

19. The contractors are advised to see the site of work and be acquainted with the position of materials, conditions of contractors, drawing, etc. before tendering.

20. If a person, after his tender is accepted does not sign the agreement, his earnest money will be forfeited.

(Signature of E.E. Division)
For and on behalf of the Vice Chairman, GDA.

(2) When the contractor has made himself liable for action under any of the cases aforesaid. the Executive Engineer on behalf of the Authority shall have powers to adopt anyone or more of following courses as he may deem best suited of the interest of Authority.

(i) To determine or rescinded the contractor as aforesaid (of which termination or rescission notice in writing to the contractor under the hand of the Engineer-in-charge or communicated through the Assistant Engineer, shall be conclusive evidence). Upon such determination or rescission the security deposit of the Contractor shall be liable to be forfeited and shall be absolutely at the disposal of the authority.

(ii) To employ labour paid by the Authority and to supply materials to carry out the works or any part of the work debiting the contractor with the cost of the labour and the price of the materials (of the amount of which cost and conclusive against the contractor) and crediting him with the value of the work done in all respects in the same manner and at the same rates as if it had been carried out by the contractor, under the terms of his contract. The certificate of the Engineer-in-charge or to the value of the work done shall be final and certificate against the contractor provided always that action under this subsided also that if the expenses incurred by the Authority are less than the amount payable to the Contractor at his agreement rates, the difference shall not be paid to the Contractor.

(iii) After given notice to the contractor to measure up the work of the Contractor and to take such part there of as shall be unexecuted out of his hands and to give it to another contract or to complete in which case any expenses which may be incurred in excess of the sum, which would have been paid to the original contractor if the, whole work paid been executed by him (of the amount of which excess the certificate in writing of the Engineer in charge shall be final and conclusive) shall be borne and paid by the original contractor and may be deducted from any money due to him by the Authority under this contract or on any other account what so ever or from his security deposit or the proceeds of sales there of or a sufficient part there of as to case may be.

(3) In the event of anyone or more of the course mentioned in Sub-Clause (2) above being adopted by the Engineer incharge the Contractor shall have no claim to compensation for any loss sustained by him by reason of his having purchased for procedure any materials or entered into any engagement or made any advance on account or with a view to the execution of the work or performance of contract And in case action is taken under any of the provision a for the said, the contractor shall not be entitled to recover or be paid any sum for any work therefore actually performed under this contract unless and until the Engineer-incharge has certified in writing the

performance of such work and the value payable in respect thereof and he shall only be entitled to be paid the value so certified.

Clause-4 : in any case in which any of the power conferred upon the Engineer- incharge by Clause-3 here of shall have became exercisable and the same are not exercised, the non-exercise thereof shall not constitute a waiver of any of there conditions hereof, and such power shall not with standing be exercisable in the event of any future case of default by the Contractor for which by any clauses of clause hereof he is declared liable to pay compensation & liability of the contractor for past & future compensation shall remain unaffected in the event of the engineer-in charge putting in force all or any of the power vested in him under the preceding clause, the engineer-incharge may if he so desires, take possession of all or any tools, plant, materials or land stores. In or upon H li: works or site thereof or belonging to the contractor or procured by him and intended to be used for the execution of the work or any part there of paying or allowing for the same in account at the contract rates or in the case of these not being applicable, at current market rates, to be certified by the Engineer-incharge whose certificate thereof shall be final, otherwise the Engineer in charge may be notice in writing to the contractor or his clerk of the. Works, foreman or other authorised agent require him to remove such tools, plant materials or Stores from the premises (within a time specified in such notice) and in the event of the Contract failing to comply with any such requisition, the Engineer-in charge may remove at the Contractor's expense or sell them by auction or private sale on the account of the contractor and at his risk in all respects and the certificate to the

Engineer-in-chargeas the expense of any such removal and the amount of the proceeds and expense of any sale shall be final and conclusive against the contractor.

Clause-5 If the Contractor shall desire an extension of the time for completion of the work on the grounds of this having been unavoidbly hindered in its execution or any other ground, he shall apply in writing to the Assistant Engineer and a copy there of is sent to the Executive Engineer within 30 days of the date of the hindrance on account of which he desires such as aforepaid, and Assistant -Engineer shall it in his opinion reasonable grounds be shown there for recommend such extension of time if any as may, in his opining is necessary or proper to Executive Engineer who will authorise such extension of time, if any as may in his opinion be necessary or proper and his decision shall be final provided always that if the contractor continues to prefrom the

work beyond the date completion or the extended date as the case may be without obtaining approval for extension as aforesaid the right of the Authority to claim compensation under Clause-3 shall not be deemed to have been waived.

Clause-6 : On completion of the work the contractor shall send a registered notice to the Engineer-in-charge given the date of completion and sending a copy of it to the Executive Engineer and shall request the Assistant Engineer to give him a certificate of completion but on such Certificate shall be given nor shall the work be considered to be complete until the contract shall have removed from the site on which the work shall be executed all scaffolding surplus Materials and rubbish, and cleared off the dirt from all wood work, door windows walls floors or other parts of any building in upon or about which the work is to be execution, or of which he may have had possession for the purpose of the execution thereof and he has filled up to pits, If the contractor shall fail to comply with the requirements of this clause as to removal of scaffolding, surplus materials and rubbish and cleaning off dirt and filling of pits on or before the date fixed for completion of the work, the Engineer-in-charge may at the expense of the contractor removal such scaffolding, or surplus materials and the rubbish and dispose of the same as the he thinks fit, and clean of such dirt and fill the pits as aforesaid, and the contractor shall forthwith pay the amount of all expenses so incurred and shall have no claim in respect of any such scaffolding, of surplus materials as aforesaid except for any sum actually realised by the sale thereof, On completion the work shall be measured by On complete Assistant Engineer him self or through his subordinates, whose measurement shall be binding and conclusive against the contractor, Provided that if subsequent to the taking of measurements by the subordinates as aforesaid the assistant engineer has' reason to believe that the measurements taken by his subordinates are not correct, the Assistant Engineer shall have the power to cancel the measurements already taken by his subordinates and acknowledged by the contractor to take measurements again after giving reasonable notice to the contractor and such re-measurements shall be binding on the contractor.

within ten/thirty days of the receipt of the notice the engineer-in-charge shall inspect the work and, if there is visible no defect on the face of the work, shall give the contractor a certificate of completion if the Assistant Engineer finds that the work has been fully complete. It shall be mentioned in the certificate so granted. If on the other hand it is found that there are certain visible defects to be removed, the certificate to be granted by Assistant engineer shall specifically mention the details of the visible defects along with

the estimate of the cost for removing these defects. The final certificate of completion of work shall be given after the visible defects pointed out above have been removed.

Clause-7: No Payments shall be made for works estimated to cost less than rupees one thousand till after the whole of the works shall have been completed and a Certificate of completion given. But in the case of works estimated to cost more than rupees one thousand the contractor shall on, submitted the bill thereof be entitled to receive monthly payment proportionate to the part thereof approved and passed by the engineer-in-charge. Whose certificate of such approval and passing of the sum so payable be final and conclusive against the advance contractor. But all such intermediate payments shall be regarded as payments by way of advance against the final payments only not as payments for works actually done and completed and shall not preclude the requiring of bad unsound and imperfect or unskilled work to be removed and taken away and reconstructed, respected or it shall not be considered, as an admission of the due performance.

Bill to be submitted monthly of the contractor part thereof in any respect or the accruing of any claim, shall not conclude, determine or affect in any way the powers of the engineer-in-charge under these conditions or any of them as to the final settlements and adjustment of the accounts otherwise or in other way affect the contract.

The final bill shall be submitted by the contractor within one month of the date fixed for completion of the work or of the date of the certificate of completion furnished by the assistant engineer and payment shall be made within three months of the submission of the such bills. If the amount of the contract plus that of the additional items is upto Rs. 2 lacs and in six months if the same exceeds Rs. 2 lacs if there shall be any dispute about any items of the work then the undisputed item or items only shall be paid within the said period of three months or six months as the case may be. The contractor shall submit a list of the disputed items within 30 days from the disallowance thereof and if he fails to do so, this claim shall be deemed to have been fully waived and absolutely extinguished.

Clause-8 : A bill shall be submitted by the Contractor each month on before the date fixed by the Engineer-in-charge for all work executed in the previous month and the engineer-in-charge shall take or cause to be taken the requisite measurement, for the purposes of having the same verified and as far as admissible adjusted, if possible,

before the expiry of ten days from the presentation of the bill. If the contractor does not submit the bill within the time fixed as aforesaid, the engineer-in-charge may get the said work measured up in the presence of the contractor whose counter signature to the measurement list will be sufficient warrant and engineer-in-charge may prepare a bill from such list which shall be binding on the contractor whose in all respects ..

Clause-9: Before taking any measurement of any work as has been referred to in clause 6,7, & 8, hereof the engineer-in-charge or a subordinate deputed by him shall give reasonable notice to the contractor. If the contractor fails to attend at the time of measurements after such notice or fails to countersign or to record the difference within a week from the date of measurement in the manner required by the Engineer-in-charge then and in any such measurement taken by the engineer-in-charge or by the subordinate deputed by him as the case may be shall notwithstanding the provision in clause 8 & be final and binding on the contractor and the contractor shall have no right to dispute the same.

Clause-10 : The contractor shall submit all bills on the printed forms to be had on application at Bill to the offices of the engineer-in-charge and the charges in the bill shall always be entered at the rate specified in the tender or in the case of any extra work ordered in pursuance of these conditions and not mentioned or Provided for in the tender, at the rates hereinafter provided for such work.

Clause-11 : If the specification or estimate of the work provides for the use of any special description of materials to be supplied from the engineer-in-charge store, or if it is required Authority that the contractor shall use certain stores to be provided by the engineer in charge (such materials and stores and the prices to be charged therefore as hereinafter mentioned being so far as practicable for convenience of the contractor but not so as in any way to control Stores the meaning or effect of this contract, specified in the Schedule or memorandum hereto supplied annexed) the of the contract specified in the Schedule of memorandum hereto annexed) the contractor shall be supplied with such materials and stores as are required from time to time be used by him for the purposes of the contract only, and the value of the full quantity of materials and stores so supplied at the rates specified in the said schedule or memorandum may be set off or deducted from any sums then due, or thereafter to become due to the contractor under the contract or otherwise, or against or from the security deposit, or the proceeds of sale thereof if the same is held in government securities, the same or of sufficient

portion thereof being in this case sold for the purpose. It shall be the responsibility of the contractor to ascertain from time to time the engineer-in-charge about the position of availability of the materials as aforementioned and any delay on the part of the engineer-in-charge to arrange supplies of the same shall not entitle the contractor to any compensation but in the event of the such delays the contractor shall be granted reasonable extension of time. All materials supplied to the contractor are the property of the contractor, but shall not on any account be removed from the site of the work, except with the written permission of the engineer-in-charge or under his orders and shall at all times be open to, inspection by the engineer-in-charge, Any such materials unused and in perfectly good condition at the time of, the completion or determination of the contract may, by special arrangement. Be taken over by government at prevailing market rates, if required for use on other works in progress provided that the price allowed, shall' not exceed the amount charged to the contractor.

Clause-12 : The contractor shall execute the whole' and every part of the work in the be executed in most substantial and work-man like manner and both as regards materials and otherwise in every respect in strict accordance with the specifications. The contractor shall also conform exactly fully and faithfully to the designs drawings and instruction in writing relating to the work signed by the engineer-in charge and lodged in his office.

and to which the contractor shall be entitled to have access to such office for the purpose of inspecting during office hours, and the contractor shall be furnished free of charge one copy of the specifications and of all such designs, drawings & instructions as are not included in the detailed P.W.D. specification for buildings' and roads enforced from time to time or any other printed publications or general specifications referred to elsewhere in the contract.

Clause-13 : The engineer-incharge shall have power to make any alteration in, commission from, additions to as substitutions for the original specifications, drawing, designs and instructions that appear to him to be necessary during the progress of the work and the contractor shall carry out the work in accordance with and instructions which may be given to him in writing signed by the engineer incharge and such alterations, commission, additions or substitutions shall not invalidate the contract any altered, additional or substitutions shall not invalidate the contract and any altered,

additional or substituted work which the contractor may be directed to do in the manner above.

specified as part of the work shall be carried out by the contractor-on the same conditions in all respects on which he agreed to do the main work. The time for the completion of the work shall be extended in the proportion, that the altered additional or substituted work bears to the original contract work, and the certificate of the engineer-incharge shall be conclusive as to such proportion. the rates for such additional, altered or substituted work under this caused shall be worked out in accordance with the following provisions in their respective order:

(i) If the rates for the additional, altered or substituted work are specified in the contract for the work, the contractor is bound to carry out the additional, altered or substituted work at the same rates as are specified in the contract for the work.

(ii) If the altered, additional or substituted work includes any work for which no rates are specified in the contract the work or can not be derived from the similar class of work in the contract then such work shall be carried out at the rates entered in the schedule of rates for Meerut District minus plus percentage which the total tendered amount bears to the estimated cost of the entire work put to tender.

(iii) If the rates for the additional altered or substituted work are not specifically provided in the contract for the work, the rates will be derived from rates for similar class of the work as are specified in the contract for the work ..

(iv) If the rates for the altered additional or substituted work cannot be determined in the manner specified in sub clause (i) to (iii) above, then - the rates for such work shall be worked -out on the basis of the schedule of rates of District specified above minus plus the percentage which the total tendered amount bears to the estimated cost of the entire work put to tender provided always that if the rates for a particular part or parts of the item is not in the schedule of rates. The rate for such part or parts will be determined by the executive engineers behalf of the authority on the basis of the prevailing market rates when the work was done.

(v) If the rates for the altered, additional or substituted work can not be determined in the manner specified in sub-clauses (i) to (iv) above, then the contractor shall within 7

days of the date of receipt of order to carry out the work inform the executive engineer of the rate which it is his intention to charge for such class of work,' supported by analysis of the rate or rates claimed and the executive engineer shall determine the rate or rates.

on the basis of the prevailing market rates and pay the contractor accordingly. However, the executive such class of work and arrange to carry it out in such manner as he may consider advisable. But under no circumstances the contractor shall suspend the work on the under sub-clauses (1), (ii) and (iii) shall be worked out by the executive manager on behalf of the authority.

Clause-14 : If at any time after the commencement of the work the administrator shall for reason whatsoever not require the whole thereof as specified in the tender to be carried out the engineer-in charge shall give notice in writing of the fact to the contractor who shall have no claim on any payment or compensation what ever on account of any profit or advantage, which he might have derived from the execution of the work in full but which he did not derive in consequence of the full amount of the work not having been carried out, neither shall he have any claim for compensation by reason of any alteration having been made in the original specification drawings, designed and instructions which shall involve any curtailment of the work as originally contemplated nor shall he have any claim to compensation by reason of his having purchased or procured materials with a view to the execution of the work or the performance of the contract. But the engineer-in-charge shall have the option either to take over the materials at the site, if of approved quality and not in excess of the requirements of the work to pay to the contractor the actual cost thereof (of the amount of which cost a certificate by the engineer incharge shall be binding to the contractor). In the event of this option not being exercised, the contractor may submit to the engineer incharge within one month of the date of the order closing down the work a detailed statement of the loss that he estimate he will sustain by removing, selling or otherwise disposing of the materials. The estimate will be forwarded to the administrator who will decide what sum, if any should as matter of grace be paid to the contractor to compensate him for the loss suffered by him, and the decision of the administrator shall be final and binding on the contractor.

Clause-15: If it shall appear to this engineer incharge or his subordinate in charge of the work, that any work has been executed with unsound, imperfect or unskillful

workmanship, or with materials of any inferior description or that any materials or articles provide by him for the execution of the work are unsound or of a quality inferior to that contracted for or otherwise not in accordance with the contract, the contractor, shall on demand in writing from the engineer incharge specifying the work, materials or articles complained of not with standing that the same may have been in advertantly passed, certified and paid for forth with rectify or remove and reexecute the work or remove and replace with others the materials or articles complained of, as the case may be, at the risk and expense in all respects of the contractor.

Clause-16 : Authority shall have the right to accept at reduced rate, sub-standard or defective work, and to cause an audit and technical examination of the works and the running and final bills of the contractor including all supporting vouchers, abstracts etc. to be made before or after the payment of the final bills and if as a result of such acceptance of sub-standard or defective work, audit and technical examination, any sum if found and to have been overpaid in respect of any work done by the contractor under the contract or any work claimed to have been done by him under the contract but found life not have been actually executed the contractor shall be liable to refund the amount of the over payment and it shall be lawful for the authority to recover the same from him in the manner prescribed in Clause 1 above or in any other manner legally permissible. and if it is found that the contractor was paid less than what was due to him under the contractor in respect of any work executed by him under it, the amount of such under payment may be duly paid by the authority to the contractor.

Provided that the sub-standard or defective work accepted is not considered to be seriously defective by the engineer incharge and the rate of the work so accepted is suitably reduced by him to compensate the authority and such reduction binding on the contractor.

Clause-17 : All work under or in the course of execution executed in pursuance of the contract shall at all times be open to the inspection and supervision of the engineer incharge and his subordinates, and the contractor shall at all times during the usual working hours, and at all other time, at which reasonable notice of intention of the engineer in charge or his subordinate to visit the works at all have been given to the contractor, either himself be

present to received orders and instructions, have a representative agent duly accredited

responsible in writing present for that purpose. Orders given to the contractor agent shall be presents considered to have the force; as if they had been given to the contractor himself.

Clause 18 : The contractor shall give not less than five days notice in writing to the engineer-in charge or his subordinate in charge of the work before covering up or otherwise placing given beyond tile reach of measurement any work in order that the same may be measured and correct dimension thereof be taken before the same is coverage up or placed beyond the reach of measurement, and shall not cover up or place beyond the reach of measurement any work without the consent in writing of the engineer in charge or his subordinate in reach of measurement without such notice having been given or consent obtained the same shall be uncovered at the contractor's expense in default thereof no payment or allowance shall be made for such work or the materials with which the same was executed.

Clause 19 : If the contractor or his work people or servants shall break deface, injure or destroy.

any part of a building on or in which they may be working, or any building, road fence, enclosure or grass land or cultivated ground contiguous to the premises on which the work or any part of it is being executed or if any damage shall happen to the work while in progress from any cause whatsoever, or any defect shrinkage or other faults appear in it within six months after a certificate final or otherwise, of its completion shall have been given by the, engineer-in-charge as aforesaid, tile contractor shall make same good at its..

own expense or in default engineer in charge may cause the same to be made good by other workman and deduct the expense (of which the certificate of the engineer in charge shall be final) from any sums that may then or at any time thereafter, become due to the contractor or from his security deposit, or the proceeds of sale thereof or a sufficient portion thereof or in any other manner legally permissible.

Clause 20 : The contractor shall supply at his own cost all materials (except such-special materials.

if any, as may in accordance, if any, as may in accordance will the contract be supplied from the engineer in charge stores), plant, tools, appliances, implements, ladders, cordage, tackle, scaffolding and temporary works requisite or proper for the proper execution of the work, whether original, altered or substituted and whether included in the specifications or other documents forming part. of contractor referred to in these conditions or other.

documents forming part of contractor referred to in these conditions or not which may be necessary for the purpose of satisfying or complying with the requirements of the engineer-in-charge as to require together with carriage therefore to and from the work. The contractor shall also supply with out charge the requisite number of persons with the means and materials necessary for the purpose of setting out the works, and counting, weighting and assisting in the measurement of examination at any time and from time to time of the work or materials, failing his so doing the same may be provided by the engineer-in-charge at the expense of the contractor and the expense may be, deducted from any due to the contractor under the contract on or from his security deposit or the proceeds of sale thereof, or of a sufficient portion thereof. The contractor shall also provide all necessary fencing and lights required to protect the public from accident, and shall be bound to bear the: expense of defence of every suit action or other proceedings at law that.

may be brought by any person for injury sustained owing to neglect of the above precautions, to pay any damages and costs which may be awarded in any such suit, action or proceeding to any such person, or which may with the consent of the contractor be paid to compromise any claim by any such person, if any equipment is issued by the authority store, rent will be recovered from the contractor's bills at rates fixed by the executive engineer the terms of such issue to be. ascertained by the contractor from the engineer in charge in writing in advance.

Clause 21 : The contract shall not be assigned or sublet without the written approval of the executive engineer. Ana if the contractor shall assign or sublet his contract, or attempt so to do, or become insolvent or commence any insolvency proceeding or make any composition with his creditors, or attempts so tv do or if any bribe, gratuity, gift, loan, perquisite reward or advantage, pecuniary or otherwise, shall either directly or indirectly, be given, promise be rescined or offered by the contractor, or any of his servants or agents, to any authority officer or and security person in the employ of

authority in any way relating to his office of employment or if any such officer or person shall become in any way directly or indirectly interested in the contract, the executive engineer may thereupon by notice in writing rescind the contractor and the security deposit of the contractor shall thereupon stand forfeited and be absolutely at the disposal of the authority and the same consequence shall ensue as if the contract had been.

rescinded under clause 3 thereof and in addition the contractor shall not be entitled to recover or be paid for any work there to or for actually performed under the contract.

Clause 22 : The contractor shall not for the execution of the work employ any labour under 12 years of age and within the limits of any cantonment, any female labourer. For every breach of this covenant the contractor shall be liable to pay by way of liquidated damages such sum not exceeding fifty rupees as the engineer in charge may fix and the engineer in charge may recover such sum by deduction from any sums which may be due, or may at any time thereafter become due to the contractor.

Clause 23(a) : The contractor shall pay to his labourers a fair wage and shall supply every labourer employed by him with a wage card on which the rate of wages, the attendance and payment shall be entered.

Clause 23(b) : The contractor before his commences work shall paste in a conspicuous place of the work a notice giving the rates of wages which shall not be less than the minimum wages applicable any where no minimum wages are applicable the wages will be such as may be certified as fair wages by the engineer-in-charge and shall send a copy of the notice to the engineer in charge.

Clause 24 : The contractor shall be bound by all statutory provision with regard to the period for which wages shall be paid and deduction from wages.

Clause 25 : The contractor shall comply with all labour laws as applicable at the site of the work.

Clause 26 : In respect of all labour directly or indirectly employed in the works for the performance of the contractor's part of this agreement the contractor shall comply with or cause to be complied with all the directives issued by Government of UP from time to

time for the protection of health and sanitary arrangements for workers employed by authority and its contractors.

Clause 27 : Leave and pay during leave of all labour employed by the contractor shall be regulated as follows:

(1) LEAVE:

(I). In the case of delivery, maternity leave not exceeding 8 weeks, .4 weeks upto including the day of delivery and .4 week following that day.
