To determine or rescind the contract as aforesaid (of which termination or rescission notice in writing to the contractor under the hand of the Engineer-in-charge, or communicated through, Assistant Engineer / Executive Engineer/ Superintending Engineer / Chief Engineer shall be conclusive evidence upon such determination or rescission the security deposit of contractor shall be liable to the forfeited and shall be absolutely at the disposal of the GDA.
 - II. To employ labour paid by the department and to supply materials to carry out the works or any part of the work debiting the contractor with the cost of the labour and price of the materials of the amount of which cost and the price of certificate under the hand of the Engineer-in-charge, communicated through the AE / EE / SE / CE shall be final and conclusive against the contractor and the crediting him with the value of the work done in all respects in the same manner and at the same manner and at the same rates as it had been carried out by the contractor under the terms of this contract. The certificate of the Engineer-in-charge as to the value of the work done shall be final and conclusive against the contractor, provided notice in writing to the contractor provided also that if the expenses incurred by the Department are less than the amount payable to the contractor at his agreement rates the differences shall not be paid to the contractor.
 - III. After giving notice to the contractor to measure-up the work of the contractor and to take such whole, or balance, or part thereof as shall be un-executed out of his hands and to give it to another contractor to complete in which case any expenses which may be incurred in excess of the sum which executed by him (of the amount of which excess the certificate in writing or the Engineer-in-charge shall be final and conclusive) shall be borne and paid by the original contractor and may be deducted from any money due to him by the GDA under this contract or on any other account whatsoever or from his security deposit of the proceeds of sales thereof of a sufficient part thereof as the case may be.
- 3- In the event of anyone or more of the course mentioned in sub-clause-2 above being adopted by the Engineer-in-charge the contractor shall have no claim to compensation for any loss sustained by him by reason of his having purchased or procured any material or entered into any

engagement of made any advance on account or with a view to the execution of the work or the performance of contract and in case action is taken under any provisions aforesaid the contractor shall not be entitled to recover of be paid any sum for any work thereof actually performed under this contract unless and until the Engineer-in-charge has certified in writing the performance of such work and the value payable in respect thereof and he shall only be entitled to be paid the value so certified.

CONTRACTOR REMAINS LIABLE TO ANY COMPENSATION EVEN IF ACTION NOT TAKEN UNDER CLAUSE-3 (POWER TO TAKE POSSESSION OF REQUIRE REMOVAL OF OR SELL CONTRACTOR'S PLANT) :

CLAUSE-4: In any case in which any of the powers conferred upon the officer accepting the contract on behalf of the GDA or the Engineer-in-charge by clause-3 hereof shall have become exercisable and the same are not exercised the non-exercise thereof shall not constitute a waiver of any of the conditions hereof and such power shall notwithstanding be exercisable in the event of any future case of default liable to pay compensation and, the liability of the contractor for past and future compensation shall remain unaffected. In the event of the Engineer-in-charge putting in force all or any of the power vested in him under the preceding clause the, Engineer-in-charge may if he so desire take possession of all or any tools; plant, materials of stores in or upon the works. Power to take possession of or require removal of or sell contractor's plant at the site thereof of belonging to the contractor or procured by him & intended to be used for execution of the work or any part thereof paying or allowing for the same in account at the contract rates in the case of these not being applicable at current contractor of his clerk of the works, foreman or other authorized agent require him to remove such tools, plants, materials or stores from the premises (within a time to be specified in such notice) and in the event of the contractor failing to comply with, any such requisition the Engineer-in-charge may remove at contractor and at his risk in all respects, and the certificate of the Engineer-in-charge as to the expense of any such removal and the amount of the proceeds and' expense of any sale shall be final and conclusive against the contractor.

EXTENSION OF TIME

CLAUSE- 5: If the contractor shall desire an extension of the time for completion of the work on the grounds of his having been unavoidable hindered in its execution or any other grounds, he shall apply in writing to the Engineer-in-charge the officer accepting the contract on behalf of the Ghaziabad Development Authority through the Engineer-in-charge- and copy thereof is sent to the Engineer-in-charge within 30 days of the date of the hindrance, on account of which he desire such extension as aforesaid and the office accepting the contract on behalf of the GDA., shall, if in his opinion reasonable grounds be shown therefore authorise such extension of time if any as may, in his opinion be necessary or proper provided there this extension of time should be limited to 25% of the total period of the contract and in no case exceeding 4 - 5 months.

The case of extension of provided always that if the contractor continues to perform: the work beyond and the date of completion or the right of the GDA to claim compensation under Clause 2 shall not be deemed to have been waived. In case the delay is because of the lapse on the part of contractor, the time extension maybe granted at the sale discretion of the sanctioning authority in the following way. above mentioned penalties shall be applied if the delay is on the part of contractor.

COMPLETION CERTIFICATE AND MEASUREMENT OF WORK DONE:

CLAUSE- 6: On completion of the work the contractor shall send a registered notice to the Engineer-in-charge giving the date of completion and sending a copy of its to the office accepting the contract on behalf of the GDA and shall request the Engineer-in-charge to give. him a certificate of completion, but no such certificate shall be given nor shall be work be considered to be completed until the Contractor shall have removed from the site on which work shall be executed, all scaffolding surplus material sand rubbish and cleared off the dirt from all wood work, doors, windows, wall, floors or other parts of any building in upon or about which the work is to be executed or of which he may have possession for the execution thereof, he had filled up the pits. If the contractor shall fail to comply with the requirements of this clause as to removal of scaffolding, -surplus materials and rubbish & cleaning of dirt and filling of pits on or before the date fixed for completion of the work, the Engineer-in-charge may at the expense of the contractor remove such scaffolding material and the rubbish and dispose off the same as he thinks fit and clean of such dirt and fill the pits as aforesaid and the contractor shall forthwith pay the amount of all expenses so incurred and shall have no claim in respect of any such scaffolding of surplus materials as aforesaid except for any sum actually released by the sale there of.

On completion, the work shall be measured by the Engineer-in-charge himself or through his subordinates whose measurement shall be binding and conclusive against the contractor. Provided that if subsequent to the taking of measurements by the subordinate as aforesaid the Engineer-in-charge had reason to believe that the measurements taken by his subordinates are not correct, the. Engineer-in-charge shall have the power to cancel the measurements already taken by his subordinates and acknowledged by the contractor and to take measurements again after giving reasonable notice to the contractor and such re-measurements shall be binding on the contractor (Ten days will apply towards at the headquarters of Engineer-in-charge and thirty days for works at other places delete whichever not applicable).

Within ten days of the receipt of the notice Engineer-in-charge shall inspect other work and if there is visible no defect on the face of the work, shall give the contractor a certificate of completion. If the Engineer-in-charge finds that the work has been fully completed, it shall be mentioned in the certificate to be granted. If on the other hand it is found that there are certain visible defects to be removed the certificate to be granted by Engineer-in-charge shall specifically mention the details of the visible defects along with the estimate of the cost for

removing these. The final certificate of completion of work shall be given after the visible defects pointed out above have been removed.

CLAUSE -7: PAYMENT OF INTERMEDIATE CERTIFICATE TO BE RELEASED AS ADVANCE

No payments shall be made for works estimated to cost less than rupees twenty thousands till after the whole of the works shall have been completed and a certificate of completion" given. But in the case of works estimated to cost more than Rupees Twenty thousand, contractor shall on submitting the bill there of be entitled to receive a monthly payment proportion etc. to the part there of then approved and passed by the Engineer-in-charge whose certificate of such approval and passing of the sum so payable shall be final and conclusive against the contractor. But all such intermediate payments shall be regarded as payment for work actually done and shall not preclude the requiring of bad, unsound and imperfect of unskilled work to be removed and taken away and reconstructed, or re-erected, or it shall not be considered as an admission of the due performance of the contract or any part there of in any way in respect of the accruing of any claim nor shall it conclude, determiner or any of them as to the settlement and adjustment of the accounts or otherwise of in any other way vary or affect the contract.

The final bill shall be submitted by the contractor within one month of the date fixed for completion of the work or on the date of the certificates of completion furnished by the GDA and payment shall be made within three months of the submission of such bills, if the amount of the contract plus that of the additional items is upto Rs. 2.00 lacs and six months if the same exceeds Rs. 2.00 lacs. If there shall be any dispute about any item or items of the work then the or six months or as the case may be. The contractor shall submit a list of the disputed items within 30 days from the disallowance there of and if he fails to do so, his claim shall be deemed to have fully waived and absolutely extinguished.

CLAUSE - 8 : BILL TO BE SUBMITTED MONTHLY Engineer-in-charge

A bill shall be submitted by the contractor each month on or before date fixed by the Engineering-charge for all works executed in the previous months and the Engineer-in-charge shall take or cause to be taken the requisite measurement for the purpose of having the same verified and the claim as far as admissible, adjusted if possible, before the expiry of ten days from the presentation of the bill. If the contractor does not submit the bill within the time fixed as foresaid the Engineering-charge get the said work measurement list will be sufficient warrant, and the Engineer incharge may prepare a bill from such list which shall be binding on the contractor in all respects.

CLAUSE - 9 : CONTRACTOR TO BE GIVEN A WEEK TO FILE OBJECTION TO THE MEASUREMENTS RECORDED BY THE AUTHORITY.

Before taking any measurement of any work as has been referred to in clause 6,7, & 8 hereof, the engineer-incharge or a subordinate deputed by him shall give responsible notice to the contractor. If the contractor fails to attend at the time of measurements after such notice of fails to countersign or to record the difference within a week from the date of measurement in the manner required by the Engineer-Incharge then and in any such event, "the measurements taken by the engineer incharge or by the subordinate deputed by him as the case may be shall notwithstanding the provision in clause 8 be final and binding on the contractor and the contractors shall have *no* right to dispute the same. "

CLAUSE. 10 : BILLS TO BE ON PRINTED FORMS

The contractor shall submit all bills on the printed forms to be had on application at the 'Office of the engineer-incharge and the charges in the bill shall always be entered at the rate specified in the tender or in the case of any extra work ordered in pursuance of these conditions and not mentioned of Provided for in the tender, at the rate hereinafter provided for such work.

CLAUSE. 11 : STORES SUPPLIED BY AUTHORITY

If the specification or estimate of the work provides for the use of any special description of materials to be supplied from the 'Engineer-Incharge store, or if it is -required that the contractor shall use certain stores to be provided by the Engineer-Incharge (such materials and stores and the prices to be charged therefore as hereinafter mentioned being so far as practicable for convenience of the contractor but so as in any way to control the meaning or effect .of this' contract, specified in the Schedule of memorandum hereto annexed) the contractor shall be supplied with such materials and stores as are required from the time to time to be used by him for the purposes _f the contract only, any the value of the full quantity of materials and stores so supplied at the rates, specified in the said schedule of memorandum may be set off or deducted from any sums then due, of thereafter to became due to the contractor under the contact or otherwise, or against or from the security deposit, or the proceeds of sale thereof it the same is held in government securities, the same or a sufficient portion of availability of ascertain from time to time from the Engineer-Incharge about the position of availability of the materials as aforementioned and any 'delay on the part of the Engineer:-Incharge to arrange supplies of the same shall not entitle the contractor to any compensation but in the event of the such delays the contractor shall be granted reasonable extension of time. All materials supplied to the contractor are the property of the contractor, but shall not on any account be removed from the site of the work, except. with the written permission of the Engineer-Incharge or under his orders and shall at all times be open to inspection by the Engineer-Incharge. Any such materials unlisted and in perfectly god condition at the time of the completion of determination of the contract may, by special arrangement. Be taken over by government at prevailing market rates, if required for use on other works in progress provided that the price allowed, shall not exceed, the amount charged to the contractor.

CLAUSE-12: WORK TO BE EXECUTED IN ACCORDANCE WITH SPECIFICATIONS, DRAWINGS, ORDERS ETC.

The contractor shall execute the whole and every part of the work in the most substantial and workman like manner and both as regards material and otherwise in every respect in strict accordance with the specifications. The contractor shall also confirm exactly, fully and faithfully to the designs drawings and instructions in writing relating to the work signed by the Engineer-in-charge and lodged in his office, and to which the contractor shall be entitled to have access to such office for the purpose of inspecting during office hours, and the contractor shall be furnished free of charge one copy of the specifications and of all such designs, drawings and instructions as are not included in the detailed.

PWD / CPWD/MORTH specifications for buildings and roads enforced from time to time or any other printed publications on general specifications of ISI specifications referred to else where in the contract.

CLAUSE -13: ALTERATION IN SPECIFICATION AND DESIGN:

The Engineer-in-charge shall have power to make any alteration in, omissions from, additions to, or substitutions for, the original specifications, drawings, designs instructions that may appear to him to be necessary during the progress of the work and the contractors shall carry out the work in accordance with any instructions which may be given to him in writing signed by the Engineer-in-charge and such alterations, omissions, additions or substituted work which the contractor may be directed to do in the manner above specified as part of the work shall be carried out by the contractor on the same conditions in all respects in which he agreed to do the main work.

Extension of Time to consequence of Alterations:

The time for the completion of the work shall be extended in the proportion the altered additional or substituted work bears to the original contract work and the certificate of the Engineer-in-charge shall be conclusive as to such proportion. Over and above this a further period to the extent of 25 percent of the time so extended may be allowed to the contractor.

The rate for such additional, altered or substituted work under this clause shall be worked out in accordance with the following provisions in their respective order.

- a. If the rates for the additional, altered or substituted works are specified in the contract for the work, the contractor is bound to carry out the additional, altered, or substituted work at the same rates as are specified in the contract for the work.
- b. If the rate for the additional, altered or substituted works are not specifically provided in the contract for the work, the rates will be derived from the rates for similar class of work as are specified in the contract for the work.
- c. If the altered, additional or substituted work includes any work for which no

rates are specified in the contract for the work nor can be derived from the similar class of work in the contract, then such work shall be carried out at the rates entered in the PWD/CPWD/MORTH SCHEDULES of rates-minus/plus percentage which the total tendered amount bears to the estimated cost of the entire work out to tender.

- d. If the rates for the altered, additional, or substituted work cannot be determined in the manner specified in such clauses (i) to (ii) above then the rates for such work shall be worked out on the basis of the Schedule of rates of the PWD/CPWD /MORTH schedules above minus / plus the percentage with the total tendered amount bears to the estimated cost of the entire work put to tender provided always that if the rate for a particular part of parts of the item is not in the Schedule of Rates the rate for such part or parts will be determined by the officer accepting the contract on behalf of GDA. Engineer-in-charge on the basis of the prevailing market rates when the work was done.
- e. If the rates for the altered, additional or substituted work cannot be determined in the manner specified in Sub-Clauses (i) to (iv) above the contractor shall within 7 days of the date of receipts of the order to carry out the work, inform the officer accepting the contract on behalf of the GDA or Engineer-in-charge of the rate which is his intention to charge for such class of work supported by analysis of the rates claimed and the GE/SE shall determine the rate or rates on the basis of the prevailing market rates and pay the contractor accordingly. However the officer accepting the contract on behalf of the GDA or Engineer-in-charge by the notice in writing will be at liberty to cancel his order to carry out such class of work and arrange to carry out in such manner as he may consider advisable but under no circumstances, the contractor shall suspend the work on the plea of non-settlement of rates of items failing under the clause.

CLAUSE -14: NO COMPENSATION FOR ALTERNATION OR RESTRICTION WORK TO BE CARRIED OUT.

If at any time, after the commencement of the work the GDA or the C.E / SE decide to abandon or reduce the scope of works for any reason whatsoever and hence or any part of work not require the whole or any part or works as specified in the tender to be carried out, the Engineer-in-charge shall given notice in writing of the fact to the contractor who shall have no claim to any payment or compensation whatsoever on account of any profit or advantage, which he might have derived from the execution of the work in full, but which he did not derive in consequence of the full amount of the work in full, but which he did not derive in consequence of the full amount of the work not having been carried out, neither shall be have any claim for compensation by reason of any alternations have been made in the original specifications, drawings, designs and instructions which shall involve any curtailment of the work as originally contemplated nor shall Be have any claim to compensation by reason of his having purchased or

procured materials with a view to execution of the work of the performance of the contract. But the Engineer-in-charge shall have the option either to take over the materials at site, of approved quality and not in excess of the requirements of the work and to pay to contractor the actual cost there of the amount of which cost a certificates by the Engineer-in-charge shall be binding on the contractor. In the event of this option not being exercised the contractor may submit to the Engineer in charge within one month of the date of the order closing down the work detailed statement of the loss that the estimates he will be forwarded to the CE/SE who will decided what sum, if any, should as a matter of grace be paid to the contractor to compensate him for the loss suffered by him and the decision on CE / SE shall be final and binding on the contractor.

CLAUSE-15: ACTION AND COMPENSATION PAYABLE IN CASE OF BAD WORK

If it shall appear to the Engineer-in-charge or his subordinate-in-charge of the work that any work has been executed with unsound, imperfect or unshelled workmanship or with materials of any inferior description or that any material or articles provided by him for the execution of the work are unsound or off a quality inferior to that contracted for or otherwise not in accordance with the contract, the contractor shall on demand in writing from the Engineer-in-charge specifying the work. Materials articles complained/of (not with standing that same may have been in advertently passed certified and paid for forthwith rectify or remove and reconstruct the work so specified in whole or in party as the case may required or as the case may be remove the materials at his own proper charge and cost, and in the event of his failing to do so within a period to do specified by the Engineer-in-charge in this demand aforesaid then the contractor shall be liable to pay compensation at the same rate as under clause-2 of the contract for this default also while his failure to do so shall continue, and in the case of such failure the Engineer-in-charge may rectify or remove and re-execute the work or remove and replace with others the materials or articles complained of as the case may be at the risk and expense in all respects of the contractor.

CLAUSE -16: ACCEPTANCE OF SUBSTANDARD WORK AND CAUSING TECHNICAL EXAMINATION OF WORK

GDA shall have the right to accept at reduce rate, substandard or defective work and to
